This is a federal tax refund for working people and families that meet certain income requirements. There's no catch. No strings attached. It's your money to use however you want, and you can claim it for FREE.

More than 40,000 Philadelphians miss out on claiming their refund every year. The average refund is \$2,743. There's no reason to leave that money in the government's pocket when it could—and should—be in yours! If you have kids, you might also qualify for the Child Tax Credit.

New this tax season:

You may be eligible to receive up to \$805 through a new state tax credit called the Working Pennsylvanians Tax Credit (WPTC). If you qualify for the federal EITC, you will automatically qualify for the state tax credit, worth 10% of your federal EITC.

Tax season is open!

Get up to \$2,200 back per child with the federal Child Tax Credit (CTC).

What you should know about the CTC:

- **MANY PARENTS OR GUARDIANS ARE ELIGIBLE.** If your children have a Social Security number and were younger than 17 in 2025, you may qualify. Grandparents, adoptive and foster parents, and others may qualify if they can claim the children as dependents.
- **IT’S OK IF YOU DIDN’T EARN A LOT.** Even if you didn’t earn enough to file taxes, you might be eligible for some portion of the CTC refund. We can help determine if you’re eligible.
- **IT WON’T AFFECT YOUR BENEFITS.** CTC refunds don’t count as income and won’t affect your eligibility for SNAP, Medicaid, or other benefits.
- **YOU DON’T NEED TO PAY IT BACK.** It’s your money, free and clear, for whatever your family needs.
- **MISSED OUT ON THE CTC IN PREVIOUS YEARS?** If you did not file taxes for 2022, 2023, or 2024, you might have missed out on thousands of dollars. Some parents who earned as little as \$0 qualified. Contact us to file a prior year’s return and claim the credits you missed out on.
